# WE SPY

## Why do we need family?

**Lea (Sharks):** I love my mummy.

**Mila (Foxes):** In family we play together and go shopping.

**Timmy (Foxes):** My mum gives me kisses and cuddles.

**Sofia (Pandas):** We need family to be with someone.

**Ella (Owls):** Family is someone who loves us and protects us.

## FAMILY WEEK

After such a long time of parents not being able to join the KG events in person, we happily and finally opened our gates. The timing and occasion couldn't be any better – the Family Day. Kids worked hard to surprise their mums and dads with handmade presents and short performance. All their hard work came from deep part of their hearts and souls. Well done EVERYONE, you are amazing!

## HOW DO I FEEL?

This week children were talking about their emotions. We were playing games; discussing our behaviour in different types of situations; showing, and practicing strategies how to deal with positive or negative emotions; creating various posters, displays and projects. Every day, there was another topic to talk about.

## IN-LINE COURSE

In May, children from Reception and Y1 classes took their in-line skating course. We took an advantage of the Areal of unconventional sports in Ružinov. It was a great fun, just check it out!

## TEACHERS' INQUIRY

### What was your dream job when being a child?

**Jude (HP):** I really wanted to be a teacher. I used to play on my typewriter pretending to make timetables and notices. I used to arrange my toys in a group and make believe they are singing along to my parents' LPs

**Petra (SM):** From actress through vet to architect, ended up as teacher 😊. But as a 4-year-old girl, I wanted to be the 'voice' in the bus which announces the next bus stop.

**Magda (HP):** I wanted to be a fashion designer which is funny because I could not care less about clothes and fashion now. I was always drawing the clothes and sewing them for babies and Barbies.

**Veronika (MD):** Maybe it sounds weird, 😊 but I've wanted to be a pathologist. I don't know why. 😊

**Alžbetka (HP):** As a child I dreamt of becoming a doctor, since I was being sick quite often, and spent a lot of time in waiting rooms and talking to doctors.

**Nina (SM):** I really wanted to be a singer and a radio host as a child. I used to record myself on cassettes, pretending to have a radio show and singing songs in it. 😊

**Erika (HP):** I always loved animals and wanted to be a vet. Together with my friend we planned to have our own vet ambulance and to help animals.

**Simi (MD):** I've always wanted to be a lawyer – I have changed my opinion, because I understood this world is not a fair place. Later, I was thinking about a vet, but just for dogs and cats, what is obviously impossible 😊.

**Olga (HP):** I always wanted to be a teacher, since I come from a family where this occupation is quite a traditional one, thus I spent a lot of time at school with my mom and grandma and I enjoyed it a lot in there 😊 As we can see now, I was very lucky to make my dream come true!

**Radka (MD):** I've always wanted to be a fashion designer, but sewing was never my favourite so there goes my fashion designer career 😊.

## WORLD OF WORK

In May during the week of work we talked about various jobs and occupations and our kids got the opportunity to see these jobs in action! Some children were baking croissants,
