BACK TO SCHOOL

And here we are again! Welcome to new academic year 2025/2026!

We started our September adventure with lots of "Back to school" excitement and discoveries. Children went on a fun scavenger hunt around the kindergarten, learning where to find toys, books, friends from other classrooms but also other important people and places.

ME & MY CLASS

In our second September week it was the right time to know each other better. Hooray for a picnic day! Each class had their own little adventure in different spots - some on the

playground, some in the garden, and some even visited a coffeeshop. No matter the place, our giggle gangs had a blast munching snacks, playing teamwork games, and had tons of fun building friendships and happy memories.

ME & MY FAMILY

The first month of autumn was also about the topic "Me and My Family", and our kindergarten classrooms turned into mini stages of show-and-tell stars. We discovered mums and dads, sisters and brothers, and the things children love - from favourite cartoons, cuddly teddy bears, to tricky puzzles and racing cars. It was heartwarming to see pride in the kids' eyes as they shared a piece of themselves.

ME & MY CITY

At the end of September, we went on a city tour to Bratislava centre to explore its beautiful architecture and learn more about the city we live in. Some children joined a scavenger hunt searching for monuments and buildings, while others practised their navigation skills using a real map. Our little ones in Nurseries turned into mini architects, builders, and city planners and created little city versions 😊

WE SPY: What's the one thing you always need to have at home?

Táňa (HP): Candles.

Bibi (MD): Food. Hahaa. Empty fridge is just a house. But a full fridge? That's home!

Emily (HP): A toilet paper 😊

Ivanka (SM): My planner - my little helper for staying organized every day.

Miška J. (KOL): Coffee - it is an essential part of my morning. And afternoon. 😊

Gabi (MD): My dog. When we are together, it just feels warmer and happier there 😊

Misch (SM): My sketch book.

Romi (KOL): I need to have a rest and quiet 😊
