

## AROUND THE WORLD

From the lowest valleys to the highest mountains, we travelled across the whole planet. Continents, countries, cities and villages – we didn't leave a single stone unturned. Our kindergarten was during first week of October dedicated to learning about different cultures and the ways people live. We also welcomed our parents who came to talk to us about their customs and traditions – sharing their culture. Willy Fog would be proud!

# EARTH SECRETS

Later in October, we went on a big adventure to the Slovak National Museum to explore the secrets of our Earth! Everyone was so excited to see the dinosaurs, mammoths, fossils, rocks, animals small and big... It was a great journey over the time and we all enjoyed a wonderful day full of learning, laughter, and fun!

## WE SPY: What is special about our planet Earth?

### Y1

**Zoe (Seahorses HP):** Special is that we should not throw trash on the ground.

**Šimon (Turtles KOL):** That we have water, plants and houses.

**Ela S (Meerkats MD):** It's special because the planet is upside down and the people will not fall down, because the planet is pulling them into the Earth.

**Teo T. (Hedgies SM):** That is moving around the Sun.

**Adam (Eagles SM):** That is turning.

**Riško (Lemurs HP):** Is a place where all the animals and plants and us live.

**Oskar (Hedgies SM):** Inside is super-hot.

**Kubko (Meerkats MD):** Earth? That it has blue colour and green and there is somebody. US! There are some animals, houses, games, leaves.

**Anička (Eagles SM):** There are many continents and it's hot.

**Ela M (Meerkats MD):** To live here the life.

### RECEPTION

**Lina (Otters KOL):** There is water.

**Arielle (Ladybugs SM):** It's moving through the sky and turning.

**Tanicka (Capybaras MD):** The atmosphere. Because we could breath.

**Heki (Capybaras MD):** Mmmmm that it is a planet.

**Vilko (Bunnies HP):** Animals like for example bunnies.

### NURSERY

**Elena (Zebras SM):** It's round.

**Hectorko (Quokkas KOL):** It is blue.

**Brunko (Puffins HP):** Daddy is special and animals.

## AUTUMN COLOURS

Our kindergarten celebrated the Autumn Harvest with a joyful forest adventure in Dlhé diely! The children explored the magical colours of the season, collecting leaves, acorns, pinecones, and chestnuts to use in our classroom crafts. Along the forest path, they listened to the rustling trees, compared the shapes and textures of leaves, and noticed how nature prepares for winter. It was a wonderful hands-on experience full of curiosity and teamwork — a perfect way to welcome the beauty of autumn together.

Year 1 children stepped into the forest to explore its wonders together with the Year 3s and their teachers and joined their "forest school". They had a wonderful time having walk, collecting leaves, creating land art, and enjoying all sorts of fun activities in nature. And everybody loved also Mr. Andy's doggie. 😊

### WE SPY: How do you enjoy Autumn?

**Miška P (KOL):** I enjoy nice sunny autumn days on walks and rainy days at home with a candle and Halloween movies.

**Radka (MD):** With tea in one hand and a book in the other, preferably under the blanket 😊.

**Miška (SM):** I love autumn. It's my favourite seasons. The colors are beautiful.

**Tami (HP):** I love to bake cakes with seasonal flavours like apples and cinnamon.

**Lucka (MD):** Every autumn I enjoy hiking in High Tatras at the end of the hiking season.

**Terka (SM):** Hot tea + vitamins 😊

**Vane (HP):** Autumn is my favorite season: I love its colors and the flavors that make

it unique. I enjoy cooking and spending time at home with my family, sharing that wonderful feeling of warmth that only autumn can bring.

**Bibi (MD):** Just me crocheting babushka outfits under candlelight, watching my favorite series, and sipping chai.

**Ludka (HP):** I like autumn forest. I enjoy walking in the forest and riding my scooter. Leaves are changing colours and when the wind blows them off the flutter around.

**Veve (MD):** I looove to sleep during autumn time. It just hits differently. 😊

**Klaudi (SM):** I enjoy Autumn by drinking Pumpkin Spice Latte almost every day.

## AUTUMN FEASTS

What a fantastic day we had at our Halloween celebration – a day full of giggles, costumes, and just the right amount of spookiness! Our kindergarteners arrived dressed as tiny witches, superheroes, ghosts, pumpkins, skeletons, and even a few cheeky monsters. During the morning, we held Halloween workshops where children could explore all sorts of spooky activities. There were sensory tables, ancient mummies, pumpkin races, skeleton dance, magic potions, ghostly games, spiders and cobwebs. To put it in a nutshell, we loved every spooky minute of it from start to finish.

In the afternoon, we continued the fun with our Pumpkin Carving event together with parents. Tables were full of orange pumpkins waiting to be transformed and oh, what masterpieces appeared! We saw happy pumpkins, silly pumpkins, scary pumpkins, and angry pumpkins. The kids proudly scooped, drew, and helped their mums and dads carve their spook-iful creations. It was heart-warming to see everyone working together – parents, children, and teachers – covered in pumpkin seeds buuuut smiling ear to ear. 😊 Thank you to all the parents who joined us and made the day memorable.

## MAGIC SPACE

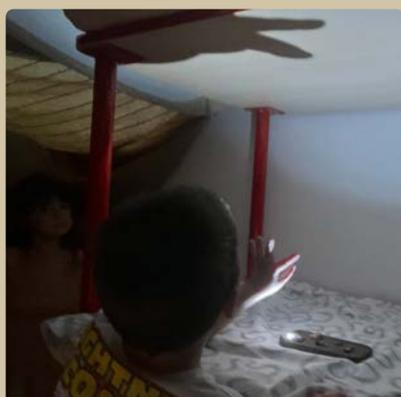

At the end of October, our kindergarten turned into a mini space station as we explored the mysteries of the universe! The children learned about black holes, the solar system, moon phases, stars, and planets, discovering how vast and fascinating our cosmos is. Through hands-on projects, songs, and sensory experiments, they built their own solar systems, painted glowing galaxies, and watched how the moon changes its shape.

In addition, our little explorers had an unforgettable experience during the Space Cupola event! Inside the magical dome, the children travelled through galaxies, watched planets spin, and saw the stars twinkle right above their heads.
