NEWSLETTER SUMMER 2026

SUMMER BY WATER

Summer at kindergarten means sun, fun and adventures. We kicked off our splashing excitement with a special **WATER FUN** party 🌊 when our garden turned into a water adventure park enjoying splashing, pouring, playing, experimenting, and, of course, getting wet! Great way how to explore water properties and summer safety rules . When the summer sun really turned up the heat, we headed to **ZLATÉ PIESKY** 🌈 and **DANUBE MEANDERS** for refreshing breeze and learned about water animals 🐟 and their habitat.

I SPY KIDS: How to stay safe in summer?

NURSERY

Lukáško (Puffins HP): We need to listen to mom.

Bibi (Puffins HP): Not swimming far away on holidays.

Alicka (Zebras SM): With sunscreen

Sofka (Quokkas KOL): Have hat.

RECEPTION

Leo (Bunnies HP): We need to take water outside because it is very very hot.

Mila (Ladybugs SM): We need to drink a lot of water

Karo (Capybaras MD): Put on sunscreen.

Hugo (Capybaras MD): Wear a cap.

Olivka (Otters KOL): We need to drink so many water and we need to have everywhere so many sunscreen.

YEAR 1

Adam F. (Hedgies SM): Always take sunscreen, drink water, be careful from the sun, you can get sunburn.

Riško (Lemurs HP): You can have only 1 or 2 scoops of icecream, no more 😊.

Janko (Seahorses HP): You need to go to the shade and cannot stay on the sun for too long.

Oliver (Meerkats MD): You need to drink cold water.

Marinka (Turtles KOL): We need to have cap always outside because we could have spálené vlasy and feel dizzy.

Miško (Turtles KOL): We need to have proper clothes because then wasp can go on you and sting you.

SUMMER IN MOUNTAINS

TSummer is always also about outdoor adventures! And thus, we headed to the forest 🌲 and explored different trees, listened to the sounds of nature, and learned how to enjoy the forest while leaving no trace behind. Building our very own tent and wooden shelter 🏠 was the highlight of the **CAMPING DAY!** We also learned about survival skills and put our know-how into practice on **PAJŠTÚN HIKE** 🥾 adventure.

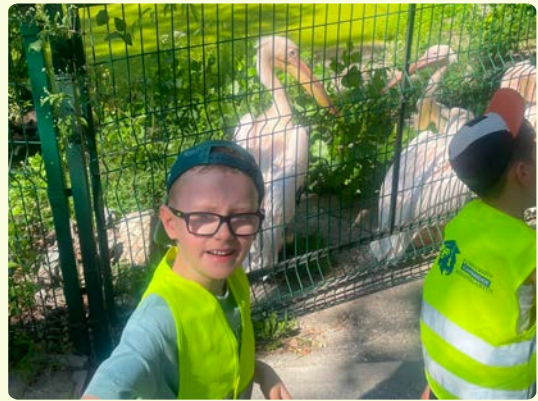

SUMMER WITH ANIMAL FRIENDS

Our animal adventure started in **ZOO** 🦋 . Taking a ride on a mini train, we got lucky and spotted wildlife animals even in the heat of summertime. The real-like **FARM** 🐑 was another stop on our journey of learning about animals. We checked on the domestic animals and understood why we keep chicks, ducks, pigs, cows or goats. **PET SHOW** 🐕 was another opportunity to learn about animals. This time, it was all about our charming pets we have at home. We would like to thank you ❤️ for bringing your dogs, cats, bunnies, turtles and much more to kindergarten.

SPORTY SUMMER

Sports are important part of our summertime in kindergarten. In July, we kicked things off with an exciting **CYCLING COURSE** 🚲 in Sad Janka Kráľka. In August, we swapped helmets and wheels for running shoes and competed in our own **OLYMPIC GAMES** 🏅. Not only did we try various summer sports, but we also learned to manage big emotions while facing challenges of winning and losing. And we know what “fair play” means and what makes a great team to win.

I SPY TEACHERS: What is your best summer relax ever?

Eva (HP): My best relax is when I go for a good walk.

Edi (SM): Reading books on the beach.

Jakub (KOL): Playing the drums or mowing the grass with a scythe

Táňa (HP): To spend time in the mountains without the phone.

Miška P. (KOL): Walking through the forest, watching movies, or taking a candlelit bath.

Zuzka (SM): Go for a walk near the ocean.

Simi (HP): The best relax means sunbathing at the beach and drinking beer 😊.

Hela (CC): Quiet, peace, and lots of scrabble 😊

EVERYDAY LIFE

GETTING READY FOR 2026/2027

As every year, summer is the best time to submit preparations for the forthcoming academic year. This summer beside the standard cleaning, moving, sorting and resupplying, we also completed garden reconstruction in Stare mesto and heating system in Mlynska dolina. As usually, we boosted our team in weekend training to gain new skills and inspirations.
