MAGIC SCIENCE

We opened November with curious questions which turned into giggles and discoveries as we explored how our world works. We played with light, watched liquids do funny density tricks, and tested all kinds of materials to see what they could do. Science felt like magic, and we loved every minute!

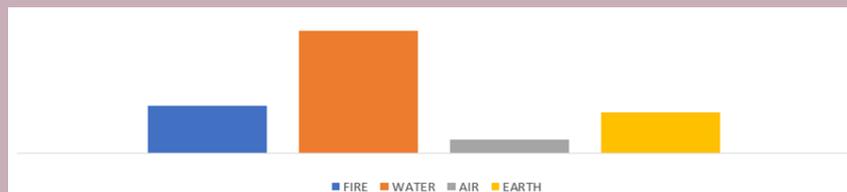

We continued our discoveries during a scavenger hunt when we set out to explore the four elements — water, air, fire, and earth. Children had a lovely time: talking about fire and safety, creating small pieces of land art from natural materials, checking which way the wind was blowing, and watching leaves float gently across the water. What a nice hands-on experience it was! 😊

WE SPY: What is your favourite natural element?

Heňa (KOL): My favourite element is fire. It reminds me of summer nights with my friends, sitting around the campfire, talking and laughing.

Táňa (HP): Earth and all that grows from it!

Pet'ka (SM): Hard to decide – I love fresh breeze, so maybe a wind. It makes me feel alive 😊.

Lucka (MD): For me it is water, as I love to the ocean in summer and snow in winter

STAND UP FOR YOURSELF

Later in November, we switched our focus on magic in us. Through exciting programs and activities like “Odd Sock Day” – “Bubnovačka” - “I can do it!”, children were celebrating differences, learning to stand up for their rights and rights of others, exploring self-awareness, and building up self-esteem. These activities helped children to develop prosocial skills and thinking about how their actions affect others.

SHARING IS CARING

End of November turned into a kindness festival! Children proudly showed off their prosocial superpowers - offering toys, giving small gifts to their friends, and celebrating each other's successes. Over more, we joined a special "shoe box charity project" to please people in elder houses at Christmas time. Bit by bit, our classroom filled up with warm smiles and gentle gestures, proving that kindness grows fastest when shared.

WE SPY: What does it mean "sharing is caring"?

Y1

Leo (Hedgies SM): If we do good things to our friends, they will do good things to me back

Levi (Lemurs HP): That we care about other lemurs.

Anička (Eagles SM): To be kind and nice to our friends

Katja (Turtles KOL): Sharing is caring means that you give other friends some love and care, for example you give them a toy.

Viki (Seahorses HP): Because if we share then also our friends will share with us.

Zoja (Hedgies SM): To be kind to friends as we are to others

RECEPTION

Agnes (Otters KOL): That we need to give something to friends.

Damir (Bunnies HP): „Because it is nice but sometimes I do not want to share.

Tánička (Capybaras MD): It's when you're helping someone

Felix (Bunnies HP): It is important because we all are friends and we should share toys together.

NURSERY

Stellka (Puffins HP): When Rebeka wants something, I give it to her.

Connor (Quokkas KOL): Giving.

Theo (Puffins HP): I give toys because sharing is caring.

Elena (Zebras SM): we share someone thing, a toy or a book

Lukáško (Weasels HP): Čo tým myslíš?

CHRISTMAS TIME

In December, we could already hear the sleigh bells ringing in our kindergartens 🥰

That could mean only one thing – Christmas was coming!

We got busy with singing, dancing and practicing for our Christmas performance. We also welcomed St Nicolas and enjoyed Christmas cheer at Christmas fair in downtown. And of course, we crafted out beautiful presents for you in Christmas workshops.

Biggest December highlight was definitely our Christmas performance when we celebrated Santa's 100th Birthday! It was a pleasure to share with you all our effort, skills and enjoyable talents.

Y1 SPECIAL

November was very special for our Year 1 students. They have taken their very first "testing" experience. In addition, we welcomed the parents at Y1 parents meeting to talk

about forthcoming school enrollment.

EVERYDAY LIFE

OUR CAMBRIDGE SCHOOL

School in November & December was busy as usually - lots of excursions, presentations, sports events, talking to interesting people and welcoming parents in "open days" and Christmas shows...

For more details, please, check www.cambridgeschool.eu
