APRIL 2026

SPRING FESTIVALS

We hopped into April with giggles and excitement! We followed the Easter Bunny's 🐰 secret trail, hunting high and low for chocolate eggs 🍫 hidden just for us. We also explored Slovak traditions 🇸🇰. It was a sweet, cheerful time full of fun, surprises, and spring magic 🌸.

WE SPY LIFE MIRACLES

April is the best time to observe 🔍 nature miracles 🌱. Our visit to the botanical garden was a lovely experience to explore blooming nature 🌸 of different colours, shapes, and textures and investigate little crawlies 🐛 waking up after a long winter.

GARDENING

As every April, we rolled up our sleeves and headed into the garden for our gardening workshops 🧑🌾 . Armed with flowerpots, rakes, seeds, watering cans, and plenty of enthusiasm, children and parents worked side by side to plant flowers 🌻 , vegetables 🥬 , and fruits. A big thank you ❤️ goes to all the parents who joined us and got their hands (a little) dirty with us. Now we just need a bit of sunshine, patience, and we will soon enjoy a yummy harvest!

MORE from GARDENING

WE SPY TEACHERS: What about YOU and GARDENING?

Radka (MD): I'd probably plant artichokes and lavender everywhere if I'd have a garden...but I don't 😊.

Romi (KOL): I love the idea of gardening... but sadly, gardening and I are not best friends 😊. I once attempted a mini balcony garden - but let's just say the plants had other plans and didn't stick around for long.

Táni (SM): I've loved plants since I was a child, and honestly, I enjoy them more and more as I get older. Taking care of them just makes me feel good. I'd really love to have a flat full of plants one day - a cozy little green space of my own 😊.

Sheila (MD): I love gardening, as a kid I used to go to the countryside with my dad and grow different veggies. Now, I have a beautiful balcony full of flowers all year long.

Simi (HP): I would like to have a tiny house with a big garden full of flowers. Nowadays, every flower I have, dies 😊

RESCUE MISSION EARTH

April was also about the celebration of our beautiful planet – Earth 🌍. We turned trash into treasure and walked our very own Trashion runway ♻️! With paper capes, trash bag dresses, and cardboard bags, we showed that fashion can be kind to our planet, too. On Earth Day, we became little eco-heroes and went out to clean our neighborhood 🧹. With busy hands, we learned that even small steps can help save our beautiful Earth.

WE SPY KIDS: How can we HELP EARTH to feel better?

YEAR 1

Teo (Hedgies SM): To grow plants, so we'll have more plants

Maria (Meerkats MD): Sometimes I don't use too much water.

Viki (Eagles SM): To not cut the trees because they will help us to breath.

Meli (Turtles KOL): To make something with garbage, e.g. if we find lots of trash, we can make a dress out of it.

Harry (Eagles SM): Not use cars so much.

Janko (Seahorses HP): I was drawing this superhero to help Earth feel better.

RECEPTION

Benji H (Bunnies HP): We can separate trash and not to throw it all together.

Karla (Ladybugs SM): Switching off the lights.

Felix (Bunnies HP): We can walk more or use buses.

Larka (Otters KOL): We need to clean; we need to turn off the lights.

Amálka (Ladybugs SM): We can ride on bikes

NURSERY

Viktorko (Puffins HP): Niekedy môžeme ísť autobusom do škôlky.

Emily (Shrimps MD): Earth is sick? (imitating coughing)

Max (Zebras SM): Put trash in the trash bin

ON THE ROAD

Wheels on the bus... straight into the traffic museum! This week, our kids explored all kinds of vehicles – trains 🚂, cars 🚗, bikes 🚲.. and all of them so fun to get to see up close. Of course, we also learned about traffic 🚦 and staying safe 🚰 on the roads.

PYJAMA DAY

Our Pyjama Day 🍷 was full of laughter and fun 🥳. The children had a wonderful time enjoying playful pillow fights, building cosy bunkers with blankets, and having fun on XXXXL beds. It was our way to celebrate Fool's Day 🤡.

YEAR 1 CUP

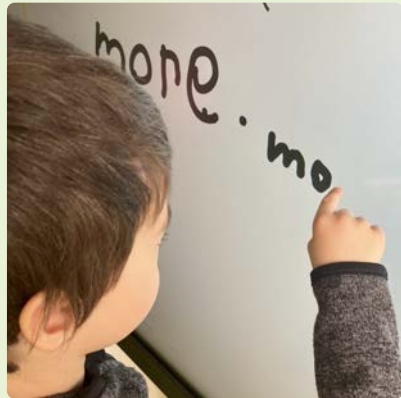

This year once again, the Year 1 classes pitted their strengths, and competed for the prestigious Y1 Cup 🏆. They took part in a variety of disciplines, including running 🏃, bean bag throwing 🎯, and the long jump. All children received medals at the end 🏆 and as for the Y1 Cup, let us congratulate to Staré Mesto, who took it to their kindergarten for 2025/2026.
